

## **Contributing to Singapore's heritage**

The National Heritage Board (NHB) is Singapore's leading organisation in encouraging the appreciation, development and collection of Singapore's national, cultural and artistic heritage.

Our museums and institutions cover the areas of Singapore history, our Asian ancestral cultures, our unique Peranakan legacy, international and Asian contemporary art, as well as the study of philately.

The strong support of companies, foundations, organisations and kind benefactors have nurtured Singapore's arts and heritage to grow in vibrancy, variety and colour.
