Foreword

The National Heritage Board (NHB) has a wide range of exciting exhibitions and programmes rolled out for 2017. These programmes encourage discovery and appreciation of Singapore's heritage in a fun and immersive way. Heritage education plays a key role in maintaining and celebrating our identity, and establishing a foundation so that we can look with confidence to the future.

As part of the heritage education life cycle approach, these programmes will accompany every student right from their pre-school days to tertiary education level. They will remember fondly of the opportunity to learn about Singapore's culture and heritage at various stages of their academic journey.

As we identify the key competencies necessary to thrive in the 21st century, we are conscientiously working with key education partners and schools to ensure that our content and programming remain at the cutting edge of heritage education, while complementing the Ministry of Education's efforts to provide a holistic education.

This brochure is intended as a one-stop, easy reference tool for educators to explore the various events and activities our museums and institutions have to offer. Do visit us and experience heritage up-close!
