I'M A SCIENCE EXPLORER: TINKER FEST ADVENTURE

20 – 28 Nov 2021 | 10am – 1pm & 2pm – 5pm

Various galleries

Activities | Free (General Admission Applies)

Tinker your way into a sustainable future! Simply walk in and participate in one or two or more specially curated activities.

Eco-friendly Ornaments: Spare a thought for the environment this Christmas. Surprise yourself with unwanted piles of recycled junk in the Tinkering Studio waiting to be upcycled into garland and Christmas tree ornaments.

Solar Energy: Solar panels can produce electricity from not only sunlight, but also from artificial light sources. Experiment in learning how to convert light into energy through photovoltaic cells and directly powering DC electrical devices. Learn to read the DC voltages using a voltmeter.

Trash or What?: Rush yourself to deposit typical items destined for Reduce, Reuse, and Recycling bins using a remote-controlled machine! This activity will help you understand the differences and the importance of 3Rs.

Energy Matching Game: Play this fun card-matching game to learn about ways to save energy and go green. Test your memory by finding each pair of matching energy-saving tips from among the cards hidden on the table.

Watt's Up?: Discover "hidden" electrical devices in our lives that use energy even when they are not in use. Demonstrate how much energy different home electrical items consume, and how usage varies at different settings using a wattmeter.

Keychain Art: Express your green message during the making of this plastic keychain art activity. Design your own keychain using shrinking plastic while learning about the type of plastic suitable for upcycling.

DINOSAURS OF ANTARCTICA

Fridays – Sundays, Public and School Holidays | 10am, 11am, 12pm, 2pm, 3pm and 4pm

Omni-Theatre

Screening | \$14

From the Permian through the Jurassic, journey to the south polar landscapes of Antarctica hundreds of million years ago. Join us as we roam the primitive forests and thick swamps with bizarre dinosaurs and colossal amphibians and enter a surreal world of bug-eyed giants and egg-laying mammals, where survival means enduring the sunless, six-month polar winter surrounded by meat-eaters with night vision.

Together with intrepid Antarctic scientists, go on a quest to understand the ice continent's profound transformation and to predict the future as humans drive dramatic changes globally. Welcome to the prehistoric world of Gondwana. Welcome to Antarctica!

SINGAPORE MARITIME GALLERY

"THE VOYAGE" EXHIBITION

25 Sep 2021 – 31 Mar 2022

Exhibition

In celebration of the 25th Anniversary of the Maritime and Port Authority of Singapore (MPA), MPA presents "The Voyage", a specially-curated exhibition to commemorate Singapore's growth as a maritime nation – from an entrepôt trading post to the global hub we are today.

"The Voyage" exhibition showcases 25 milestones by MPA and the maritime industry and comparison of then-vs-now. Visitors can also visit an interactive zone within a replica of MPA's patrol craft for a glimpse into how the industry is ready to take on future challenges. Young maritime explorers can pick up a copy of the Activity Booklet and hunt for answers to learn more about MPA's voyage.
