# FOREWORD

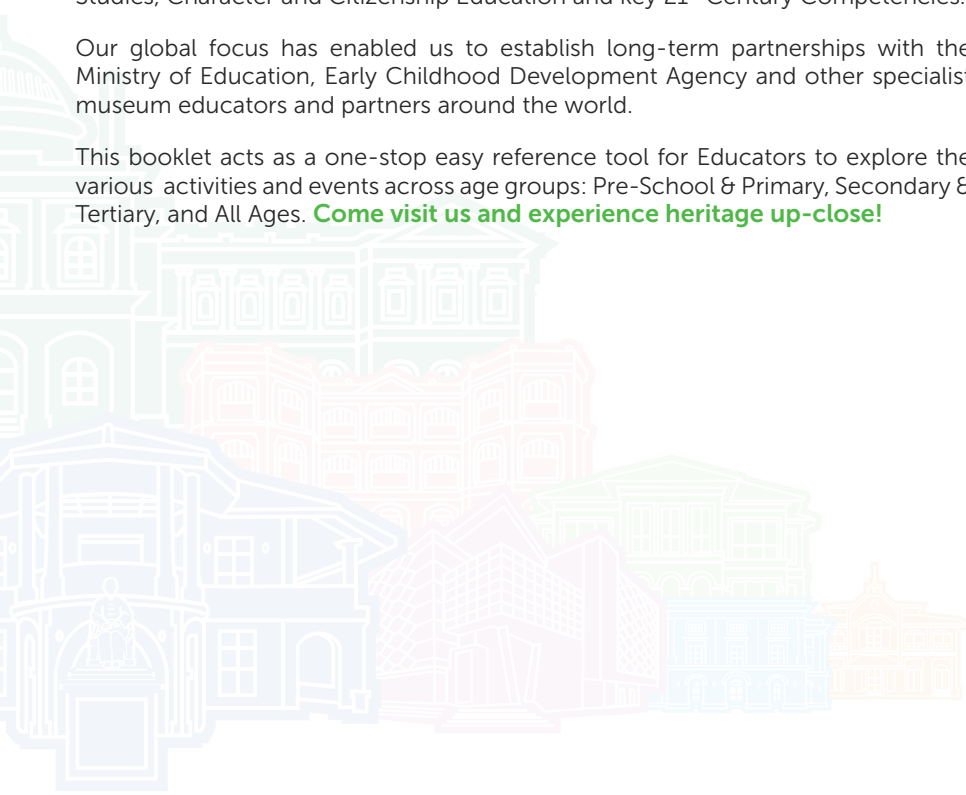

The National Heritage Board (NHB) has a wide range of exciting programmes and exhibitions coming your way in 2019! Each programme has been specially curated to encourage active appreciation of Singapore's heritage. Heritage Education remains ever crucial in the establishment and maintenance of national identity, more so as we celebrate our achievements and look with confidence to the future.

As part of the Heritage Education life cycle approach, our programmes will accompany each student at every stage of their academic journey, from pre-school beginnings to tertiary life. They will continue to enjoy a myriad of opportunities to engage with, and contribute to Singapore's heritage and history.

Together with our museums and heritage institutions, we continue to work conscientiously with key education partners and schools in developing relevant and sustainable programmes that align closely with the teaching of Humanities, Social Studies, Character and Citizenship Education and key 21<sup>st</sup> Century Competencies.

Our global focus has enabled us to establish long-term partnerships with the Ministry of Education, Early Childhood Development Agency and other specialist museum educators and partners around the world.

This booklet acts as a one-stop easy reference tool for Educators to explore the various activities and events across age groups: Pre-School & Primary, Secondary & Tertiary, and All Ages. **Come visit us and experience heritage up-close!**

## HERITAGE GRANT SCHEME - SCHOOL HERITAGE CORNERS PROGRAMME

The Heritage Grant Scheme was launched in 2013 to support Singapore's lively and diverse heritage scene, and to encourage promotion of our shared heritage with the community. The School Heritage Corners Programme, tailored to support schools in establishing their own Heritage Corners, is a part of this scheme.

Under the Programme, schools are encouraged to develop a dedicated heritage learning space that documents the school, community and nation's history, so as to cultivate a strong sense of identity among students. The Programme has since been adopted by more than 75 schools, with over 1000 student guides and 140,000 visitors to the Heritage Corners and galleries.

Completed School Heritage Corners can be viewed at [www.nhb.gov.sg/awards-and-grants/projectsshowcase/school-galleries-school-trails](http://www.nhb.gov.sg/awards-and-grants/projectsshowcase/school-galleries-school-trails)

During this period, participating schools will receive trail guiding training for up to 30 selected students to become trail guides on their adopted trail. The scheme also has a "Train-the-Trainer" programme for teachers, which will equip teachers with the necessary skills and confidence they need in sustaining and integrating the programme within the school curriculum. ## HOW CAN I BEST ASSIST MY STUDENTS DURING A SELF-GUIDED VISIT?

-  Make a preparatory visit to familiarise yourself with the gallery space and alighting points
-  Draw links between the artefacts and artworks to teaching curriculum
-  Identify key theme(s) and specific information that you wish to share
-  Use available educator's resources at each Museum and Heritage Institution website, Roots.sg and at [www.nhb.gov.sg/education](http://www.nhb.gov.sg/education)
-  When visiting, allow time for students to quietly observe the artefacts. Encourage them to analyse their observations and what it makes them feel or think about
-  Conduct follow-up lessons in class to address what they have learnt

# MUSEUM ETIQUETTE

Please inform your students to observe the following etiquette so as to provide the best experience for all at the museums.

*A short video on museum etiquette is also available for viewing at <http://www.nhb.gov.sg/education/resources-for-families>.*

## WHAT IS CONSIDERED PROPER CONDUCT IN THE MUSEUMS?

- ☒ Be considerate to others by keeping voices low
- ☒ Do not lean on glass panels or use them to write on, as this may break the glass, tip the showcase or cause damage to the artefacts
- ☒ Use pencils and not pens when writing notes, as they may cause permanent marks or stains
- ☒ Help us preserve artefacts by not touching them, unless otherwise stated
- ☒ Eating or drinking in the galleries is strictly not permitted
- ☒ Flash photography is not allowed inside the galleries, as this might harm vulnerable materials such as paper due to accumulated exposure to strong lighting. Flash lights, for instance, can also cause coloured pigments to fade

*Note: Copyright issues may apply even when photography is allowed in specific galleries*

## HOW CAN I MAXIMISE THE BENEFITS OF A MUSEUM VISIT?

- Keep your voice low and listen attentively to the guide or docent
- Make close observations on the artefacts, paintings or works of art
- Try and think about how these artefacts relate to what you have learnt before
- Be inquisitive! Ask questions on any aspect of the exhibition or artefacts you wish to know about
- Don't be afraid to try the hands-on activities available

*For students, do remember to conduct yourselves properly when walking individually or in groups within the galleries. Please discuss quietly even as you work together on your assignments. The museum is a space for observing, thinking and quiet learning, and we hope to maintain and provide the best experience for all. See you at the museums!*
