

GUIDE TO VISITING OUR MUSEUMS

The National Heritage Board has adopted a comprehensive set of safe management measures across our museums, institutions and community galleries with the well-being of our visitors and staff in mind. These measures have taken on board the Ministry of Health's (MOH) guidelines and best practices of cultural institutions worldwide. With these in place, we hope you and your friends and family can visit the museums at ease.

HOW WE ARE KEEPING YOU SAFE

OUR PEOPLE

- All of us adhere to the Ministry of Manpower's safe management measures of workplaces.
- We wear face masks at all times, practise good hygiene, and we wear a "I'm Ok" sticker after taking our temperatures daily to let you know we are fine and healthy.
- We are briefed daily on safe management procedures and check in with one another.

HOW WE ARE KEEPING YOU SAFE

OUR SPACES

- We have reduced our operating capacity to 25 per cent to allow for safe distancing.
- We have limited entry and exit to a single point.
- We use floor decals or other physical indicators to help ensure a safe distance throughout our spaces.
- We have adopted SG Clean standards, which includes regular cleaning of common and high-touch surfaces (e.g., handrails, display cases, lift buttons).
