SATURDAYS@ACM

TEMPLATE A

TEMPLATE B

INSTRUCTIONS

Steps:

1. Download and print out the templates.
2. Cut out a strip of paper or cardboard long enough to form a ring that fits the size of your head.
3. Wrap or stick aluminium foil onto the strip using glue.
4. If your strip is too short, prepare more and join their ends together to create a larger ring.
5. Cut out the shapes on Templates A and B along the dotted lines.
6. Trace the shapes of Template A cut-outs on a glitter foam sheet or coloured paper. Then cut them out.
7. Attach them onto the headdress.
8. Repeat the process with Template B. Make as many Template B shapes as you like.
9. Stick the shapes onto the straws and attach the straws onto the headdress.
10. Add feathers or other decorative materials to complete your headdress.
11. Don't forget to share your creations @ACM_SG.
