

OBJECT HUNT

SHAPES, COLOURS, AND TEXTURES

HOW TO PLAY

1. Take a walk around the museum and find the items listed below. When you see something that matches a description on the card, use your pencil to cross it out.
2. Find four items in a row to complete a line – across, down, or diagonally. After getting four in a row, mark a big smiley face at the bottom of your card. How many rows can you complete?
3. Have fun discovering amazing details on objects in the museum!

Can you find...

 <p>An object made of gold</p>	 <p>An object with circles</p>	 <p>Something carved out of wood</p>	 <p>An object that looks smooth</p>
 <p>An object in one colour</p>	 <p>An object with wavy lines</p>	 <p>An object shaped like an animal</p>	<p>An object with red, blue, and green</p>
 <p>An object that looks rough</p>	 <p>An object with repeated patterns</p>	<p>An object that is blue and white</p>	 <p>Something shiny</p>
<p>An object with more than three colours</p>	<p>An object made of clay</p>	 <p>An object with triangles</p>	 <p>An object with straight lines</p>

Draw a smiley face for every row you've completed!

REFLECT, SHARE, CREATE!

REFLECT: Take a moment to think about all the objects you've seen during your visit. What was your favourite discovery from today?

SHARE: Talk about it with the person accompanying you.

CREATE: Design your own vase inspired by the shapes, colours, and textures that you've seen. If you need help, use the prompts below to guide you.

- ✦ What colours do you want to include on your vase?
- ✦ What material is it made of? Is it smooth or rough? Hard or soft?
- ✦ What shapes or patterns around the museum inspired you?
- ✦ Where would you display your vase?
