# MY VISUAL SCHEDULE

A Visual Checklist for Caregivers and  
Children with Additional Needs

# MY VISUAL SCHEDULE

A Visual Checklist for Caregivers and Children with Additional Needs

## How do I use this Visual Schedule?

- 1 Print out the checklist (pages 2 – 3) and the picture cards (pages 4 – 6) before visiting the museum.
- 2 The picture cards on page 4 show the different galleries in the museum. More information on the galleries can be found at <https://www.nationalmuseum.sg/our-exhibitions/exhibition-list>. You can refer to this webpage to decide with your child which gallery/ galleries to visit.
- 3 The picture cards on page 5 show how you can enter and leave the museum. There are also cards that can help your child express when he/ she might want to take a break, drink water, use the toilet, etc.
- 4 The picture cards on page 6 show the additional spaces within the museum that you may visit for special programmes. Information on our programmes can be found on our website/ social media pages. You can also customise some of the blank cards to suit your child's need(s).
- 5 Cut out the picture cards of the galleries that you would like to visit with your child, and the activities that you would like to do at the museum. You can stick the cards onto the checklist that you have printed.
- 6 You can also leave some steps on your checklist empty, so that you can add more picture cards to it while you are at the museum.
- 7 You might also like to print out an empty checklist and extra picture cards to create another checklist while you are at the museum, if you wish to do so.
- 8 When you are at the museum and have completed an activity on your checklist, you or your child can add a tick to the "Completed" column.
