Monthly Senior-friendly Guided Tour at the National Museum of Singapore

A Conversational Guided Tour of
our new *Packaging Matters* special
exhibition

How has packaging changed in Singapore over the years? What are some of Singapore's food brands and unique packaging?

Join us for a short guided tour of *Packaging Matters*, our special exhibition on the world of food packaging in Singapore. Conducted by the National Museum of Singapore's Care Facilitators, this tour seeks to enable seniors, persons with dementia and their care partners to have an enjoyable time at the museum, and to explore artefacts and stories from yesteryears that they might be familiar with.

The tour will be conducted in English and accompanying care partners are welcome to translate for their loved ones.

The session is free of charge and can accommodate up to five families on a first come, first served basis.

**To sign up or find out more about the tour, please contact Hui Yi
