Theme: **NOW BOARDING**

How does Singapore see itself? How do we present ourselves to the world, and how do others see us?

Through the *Now Boarding: Experiencing Singapore through Travel, 1800s - 2000s* special exhibition, we will examine the ways which Singapore has been presented to and perceived by travellers who have arrived on our shores.

These conversational tours will be led by the museum's Care Facilitator volunteers. Participants will be invited to share their stories and experiences related to the exhibition and its artefacts.
