About the National Museum of Singapore

With a history dating back to 1887, the National Museum of Singapore is the nation's oldest museum with a progressive mind. It redefines the conventional museum experience by exploring multiple perspectives of history and cutting-edge presentations. A cultural and architectural landmark in Singapore, the museum hosts innovative festivals and events—the dynamic Singapore Heritage Festival and Singapore Night Festival—as well as art installations, performances and film screenings all year round, in addition to presenting thought-provoking exhibitions that feature important artefact collections. The programming is supported by a wide range of facilities and services including F&B, retail and a Resource Centre.

The National Museum of Singapore re-opened in December 2006 after a three-year redevelopment, and celebrated its 125th anniversary in 2012. The museum's permanent galleries were revamped and re-opened in September 2015. Refreshed with updated stories and content on Singapore's history, the galleries recapture the nation's defining moments, challenges and achievements from its earliest beginnings 700 years ago to the independent, modern city-state it is today.

Come experience the National Museum and take another look at Singapore's history.
