

A new museum for children will be opening in Singapore!

We will be Singapore's first-ever museum dedicated for children.

Our museum will be a starter museum to cultivate a love for museums and lifelong learning,

We aim to inspire every child to be an engaged, adaptive & responsible global citizen.

The museum will help children to:

- Understand how Singapore came to be
- Appreciate & thrive in diversity
- Connect with their communities & play their part in it
- Explore their place in the world & expand possibilities
- Become happy confident learners in a museum setting

Opening in 2022.
